DETAILED ACTION

Response to Amendment

1. This is in response to an amendment/response filed on August 4th, 2010.
2. Claims 1, 35, 43, 54, 55, 56, 57, and 58 have been amended.
3. No claims have been cancelled.
4. No new claims have been added.
5. Claims 1-12, 14-35, 37-43, and 45-59 are allowed.

Reasons for Allowance

6. The following is an examiner's statement of reasons for allowance:

Independent claim 1 has been amended, in amendments filed on August 4th, 2010, to clarify that the temporary routing number is sent to the user terminal and the at least one other participant receives the same temporary routing number to be used for the conference call. The prior art of Hyllander et al., Chaney et al., and Chow et al. fail to show alone or in combination a method for providing a connection from an IP-based network to a circuit-switched network wherein the connection is specifically a conference call and wherein each user receives the same temporary number to be used for the conference call service. For the reasons provided above, claim 1 is allowed. For similar reasons, independent claims 35, 43, 54, 55, 56, 57, and 58 are allowed. The remaining dependent claims are allowable because they depend on the allowed independent claims.
